

## THE ART TOUR

Experience two of Stockholm's most famous art museums in wonderful locations!

Millesgården is spectacularly situated on terraces carved from the steep cliffs of the island of Lidingö and was the home of the famous Swedish sculptor Carl Milles. Millesgården is beautifully laid out with indoor art collections and Milles' monumental bronze sculptures nestled into the gardens and terraces. Many of Milles' works are to be found reproduced in various parts of the world.

At Fotografiska, they strive to be a vital centre for contemporary photography. Their ambition is to exhibit world-renown photographers, many of who have never shown in Sweden. Located in the heart of Stockholm, the museum has an exhibition space of 2 500 square meters, and will feature 4 major exhibitions per year and approximately 15 - 20 minor exhibitions. At Fotografiska, they aim to engage and inspire a dialogue on photography via exhibitions, seminars, and courses. In addition to this, they work actively toward the acquisition of contemporary photography for our permanent collection.

At Millesgården you will be served coffee and cake while you enjoy the view!
